

## ZMS-COVER

Accessory

REMOTICOM | ZMS COVER FOR ZHAGA MOTION SENSORS

# ZHAGA MOTION COVER.

The ZMS-COVER offers the possibility to restrict the coverage areas, for example to exclude adjacent roads, footpaths and/or cycle paths. The cover has four 90°C breakout gates. By removing breakout gates, different coverage areas can be created.

The Cover cannot be used on the Zhaga Motion Sensor BLE Mesh Lux (ZMS200).

## BENEFITS.

- ✓ Simple way of eliminating unnecessary motion detection from, for example, adjacent roads, footpaths and/or cycle paths.
- ✓ Simple mounting.

## PRODUCT DATA ZMS-COVER.
